BOARD UPDATES

What have we been up to?

2nd General Assembly

As previously announced, the second GA of the year will be held on the **10th of February 2020, from 18:00 till 20:00**, in the UCG Learning Landscape.

During this GA we will update members on the inner progress of Caerus, as well as distributing **membership stickers** to all attendees, and updating our Policy Manual. Please see the website for the suggested changes and relevant documents. We also strongly advise all members to attend as important decisions and announcements will be made.

In order to give your **issues the attention they deserve**, if you have questions you would like to raise, we strongly encourage you to email them to us at info@caerus-ucg.com. This is so the Board has **time to consider the questions** and be prepared to answer them in the best manner.

Furthermore, after this GA, members must be able to **identify themselves with their memberships stickers at events**, as well as to receive discounts with our partners.

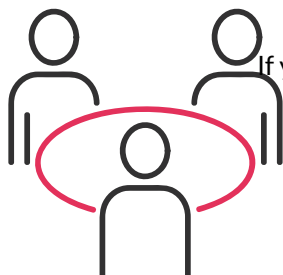

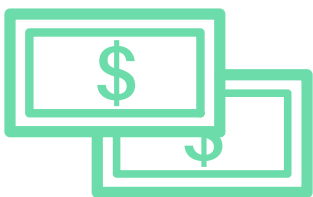

In addition, we will be providing important information about the future of Caerus, and as always, free snacks and drinks.

Committee finances : focus group

During this block, a focus group consisting of the board's treasurer, committee affair officers and committee members will meet to work on **better ways of dealing with committee finances** on **Wednesday, 05.02 at 13:00**.

If you want to voice your opinions and help us improve the current system, feel free to join! Your input is very much welcomed. Please just send a message to Kaja (cao@caerus-ucg.com).

BOARD UPDATES

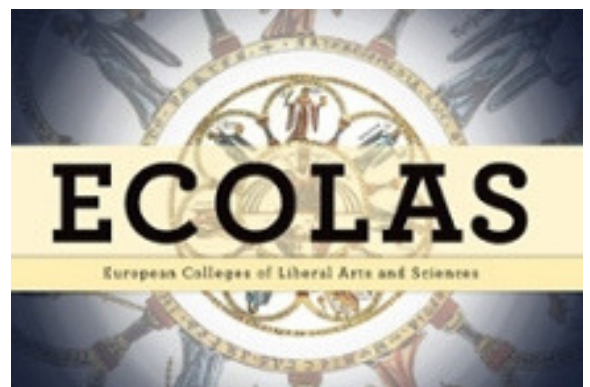

What have we been up to?

ECOLAS Funding

ECOLAS - European Consortium Of Liberal Arts and Sciences - has announced the creation of the Hans Adriaansens Student Initiative Awards! And, we are applying for it!

These are grants that aim to support projects all throughout Europe, that are undertaken by students that promote the academic community of Liberal Arts and Sciences programs.

ECOLAS provides up to six grants of 500 euros each. They are looking for "creative and innovative projects by student organizations or societies that enhance the social community. What exactly we are applying for, remains a secret, but we will keep you up to date!

Committee meetings

Throughout the upcoming block, the CAO's will meet up with all the committees! The goal is to increase transparency between committees and the board, but also to hear any thoughts and concerns from both side. Are you in a committee? Do you have any questions or concerns? Make sure you have your questions ready when the CAO's make a visit!
