# BOARD UPDATES

What have we been up to?

## Third General Assembly:

This Monday, May 10th, we had our third General Assembly of the year! We are grateful to everyone who attended and helped us with our successful General Assembly! During this gathering, we were able to pass all of our proposed changes to the Policy Manual, including our long-promised environmental policy. This time around, our returning Independent Body, Felix, got to say "That is correct!" 21 times, confirming a majority of "In Favour" every single time! During the General Assembly, we also managed to pass our new Privacy Policy, for which we were helped by UCG's very own Privacy Policy Officer Francien Broekhans! We also passed our new Code of Conduct, including the right guidelines *to get there together*. Additionally, we announced the progress of our current election procedure: all the candidates are ready, and they will be announced Monday, May 17th, so stay tuned. All in all, we are very content with this third General Assembly and would like to thank everyone who attended!

YAY!

## Caerus Board Candidates & Elections

As you may know, we are working hard on forming the new board of the upcoming year. The applications have already happened, as well as the interviews with the candidates. From this we have formed a composition for a candidate board. This will be announced to you on the 17th of May, next week Monday. Be sure to investigate who they all are, as you get to vote for them! After the announcement, all have the opportunity to ask questions to the candidates. These can be sent in to [election@caerus-ucg.com](mailto:election@caerus-ucg.com), so that the candidates can answer them in a video to you. Also they will be visible on our social media and website, so be sure to check that out. On the 27th and 28th of May you will get the chance to vote for the candidates online, and as we are a democracy, it is important everyone uses their right to vote! We are looking forward to hearing what the candidates vision for Caerus in the upcoming year, and are sure you as the members of the association will make the best decision for us!

## Advisory Council Concept Paper

In line with this year's aim to professionalise our association further, we decided create a kind of transition document or concept paper about the Caerus Advisory Council. This document describes how the Advisory Council works and how it works together with the Caerus Board. As such, the document serves as a preparation for Advisory Council members and Caerus Board members and as a general information document for general Caerus members. Everyone is free to read it. If you are interested in reading the document and finding out more about how the Advisory Council works, you can check out the document [here on our website!](#)

### UCSRN Online Tournament

On the 7th of May we had our yearly UCSRN tournament. Sadly enough it was online due to the restrictions. However, our university and beloved study association were well represented by Panos, Samy, Jos and Julius! Although we did not win, it sure was a lot of fun and we look forward to the next physical tournament again next year!

### Voice of UCSRN

Are you also excited for the finale of The Voice of UCSRN? After finding out who is representing every UC, it is now time to find out who can call themselves the winner of The Voice of UCSRN 2021! Who will take home the prize worth 150 EUR? There will be a jury who will present their professional opinion, but your vote also counts!

Come and support your finalists during this amazing last battle between the UC's!

18th of May, 20:00 – 22:00
